US Coast Guard Approved Courses And Other Maritime Security Training

- **Facility Security Officer (Coast Guard approved):** 18 hours, meets requirements of 33 CFR 105.205
- **Maritime Security for Facility Personnel with Security Duties:** 8 hours, satisfies 33 CFR 105.210
- **Maritime Security Awareness:** 4 hours, satisfies requirements for facility personnel found in 33 CFR 105.215

DHS-Certified Maritime Security Training

Findlay All Hazards offers a tuition-free and thorough Department of Homeland Security certified 8-hour workshop **AWR 144 Port and Vessel Security for Public Safety and Maritime Personnel**. Topics in this workshop include:

- Characteristics of U.S. Maritime Transportation System, focusing on the rural component
- Threats to U.S. Maritime Transportation System
- Maritime regulations
- Maritime environment safety issues
- Sensitive security information and responder considerations

Findlay All Hazards offers a range of maritime security courses and services.

We help professionals meet regulatory requirements and successfully navigate the compliance inspection process.

- TWIC response issues for local law enforcement
- Security levels
- Homeport and the Area Maritime Security Committee

Other Security Courses:

- Facility Security Officer Update
- AWR 311: Small Vessel Security for Rural Communities

MTSA Facility Security Plan Services

- **Annual Security Plan Audits:** Findlay All Hazards ensures that your plan meets the requirements of 33 CFR 105 and any applicable regulatory updates
- **Security Plan and Security Issue Consultation:** Findlay works with facilities to remediate problems with regulatory agencies, enabling them to comply with regulations on specific issues
- **Security Plan Re-Approval:** Security plans need to be submitted for reapproval, and Findlay helps you align your plan with the current regulations
